

Annual Science Workshop Outreach

Obinna Ikeora

Penny International College

Lagos State, Nigeria.

17 May 2024

Content

PURPOSE

SEMINAR: THE FUTURE OF
NEXT GENERATION
SCIENTISTS

HPLC AND GC:
PRINCIPLE, OVERVIEW
AND DISCUSSION

CAREER OPPORTUNITIES
IN PHARMACEUTICAL
INDUSTRY.

Purpose

- Motivate young scientists on science and education.
- Discuss HPLC and GC with reference to columns provided.
- Guide young scientists on career options.
- Provide valuable information through my experiences and current market trend.
- Discuss PET biomarkers and cancer awareness.

Seminar: The Future of Next Generation Scientists

seminar workshop at

Penny international College
(Lagos)

Workshop Materials

HPLC guard column
HPLC Column
GC Column

HPLC and GC: Principle, Overview and Applications

Brief description
of the principle
HPLC and GC

Students observe
HPLC and GC
columns provided

HPLC and GC
applications

Career Opportunities in Pharmaceutical Industry.

- QC analyst
- HPLC analyst
- GC analyst
- Method validation chemist
- HPLC/GC troubleshooter
- QC Chemist
- PET chemist/Radiochemist
- Regulatory Affairs officer
- Pharmacovigilance office
- QA officer
- ...and so on.
